

Erasmus Programme

Show and Tell visit Monday May 16th – Friday May 20th

To do list

We have to prepare the work we require for the exhibition. I've named a lead person for each of the areas. Are you happy to take a lead in the areas I've said? If so, could I ask you to lead on that area here in Godinton, but to also liaise with Poland and Belgium about what they are doing – if anything?

It could well be that we complete a great deal of the work here prior to their visit and that we have a small amount of work in the areas for the children from Belgium and Poland to complete on the Monday, as this is the only day when they are actually in school and free. It might be more appropriate for them to complete some art work only on the Monday, as preparing dance or poetry on your first day in a new country might be rather daunting.

Art work – Charlotte

We are going to need quite a large amount of art work to exhibit in the hall during the exhibition. Some of this has to be professionally mounted and offered for sale. We also need to use some of the images we produce to adorn mugs, t-shirts etc, which also have to be offered for sale. I know that Johan did a lot of work on the website at the start of the project and it could well be that we use images from there for the t-shirts etc? If not, we should certainly include designs from the Polish and Belgian children on the things we sell. Catalogue of art work. This should contain thumbnail copies of art which has been created by the pupils in each country

Music/Dance – Amy and Claire

Could we produce some dance to perform to the assembled audience? This could be performed to recorded music, or even to children reading their poetry. We could sing separately and this could involve the children from Belgium and Poland.

Poetry – Lisa/Jill

I know that Jill has already had her Year 6 children producing some poetry. It would make sense if Lisa led on this as well in Year 5, to cover the two year groups which have actually participated in the exchanges. We need 50-60 poems from our school to go into the 'Poetry in Partnership' book. We could also display poems and creative writing around the hall on boards during the exhibition. I also think it would be lovely if some could be read out during the performances or possibly recorded and played with background music before the actual performance? What do you think?

Exhibition

These are my thoughts with regard to the exhibition. Can we all get together next week to discuss everything I have written about the whole shooting match?

The exhibition will take place in the hall on the morning of Friday 20th. We will put the stage up. If all the invitees attend, we will need seating for 90-100, but it is more likely to be 40-50.

We can exhibit the photographs, poems, art work etc around the edge of the hall and have the seating in the centre, facing the stage. Those attending can view the work for 15-20 minutes, guided by our children before sitting down for the performance. We can perform a range of songs and dances for 20 minutes or so to the assembled audience and then provide them with a range of refreshments, representing the three countries. The whole thing should last an hour to an hour and a half? If we begin at 9.30, it will allow us to clear the hall for lunch as usual.
